Jeanne Withers is a contemporary Canadian artist who explores the patterns and rhythm of her traveled landscapes in an abstract style. Using confident colourful brushwork, Jeanne works to capture her own connections to the natural world, collected experiences and shared moments in the beauty that surrounds us.

Jeanne has worked in the private sector teaching Art for grades K-8 for the last 14 years, recently exploring community theatre in sets and backgrounds. Jeanne is a graduate from OCAD in painting and photography and holds a BA in Business from Western University. In her off times she enjoys Golf and Curling.

Type Of Art/Craft: Acrylic Painting

I paint landscapes inspired by the beauty of the Kennisis/Redstone lakes using bold colour in an impressionist style. I am a 6-year attendee at the Haliburton School of Art + Design, taking acrylic courses twice a year. I continue to paint year round and would liken myself to be an "extreme hobbyist".

Type Of Art/Craft: Handcrafted Soap & Soap Dishes (wood and pottery)

Name of Studio: Treehouse Soap

"Our family began with a need for quality soap with natural ingredients that are safe for your skin and the environment. Treehouse Soaps have a rustic, natural look and are handmade in small batches in our studio. Local ingredients are important in the making of our soaps. Soap varieties include Lavender Basil, Wild Mint & Lavender, Lemongrass Sage, Beer, shaving bars for men and ladies and a bar soap safe for your pet."

Lea Bartlett studied as an artist through Haliburton School of Art + Design where she began with pottery and learned techniques in clay both on wheel and handcrafted. This developed into other styles and products ranging from handcrafted furniture, wire sculpture, stone carving, blown and stained glass. Lea quickly took her knowledge of design and handcrafted materials into the world of soap and scents. Over the last few years, she has closely studied and is continually learning the craft of soap making and has now launched the Treehouse Soap brand. *New for 2020:* Dope Soap, Shampoo Bars, Camouflage & Beer, Canada Maple Leaf Eh! and many one of a kind small batch soaps.

Type Of Art/Craft: Woodworking **Name of Studio:** Living Woodwork

I personally got into woodworking as an early teen because of my grandfather. He was a carpenter that enjoyed tinkering on smaller projects in his spare time; I of course was right in his way trying to figure out what he was doing. From there I took a woodshop class in high school and then began training under various people afterwards. There have been quite a few influential people in my life but I believe my grandfather sparked it from a young age. To this day, he still hunts for strange and interesting antiques tools to give me, all of which are displayed at my shop. Everything is handmade with local sustainably harvested wood. All the wood materials have been harvested from Haliburton Forest and then processed at their own sawmill. Afterwards it makes its way to our shop where various items are crafted including custom furniture.

LOCATION F: 2238 Wilkinson Road

Big red cottage marked with TOMEV signs, before arriving on Wilkinson Road... after Sunset Road. Across from Keewadin Island. Dock can fit 2 boats & 2 jet skis or canoes.

Type Of Art/Craft: Painting On Wooden Paddles, Wooden Planks, Trays, etc.

Acrylic/Gouache paintings on wooden pieces – nature, landscapes, wildlife, abstract and custom names, sayings etc. Available to purchase as is or custom orders can be arranged.

"I am an artist inspired by the scenic environments of the north. Using gouache and acrylic, I paint on canoe paddles and other wooden pieces – encouraging the spirit of cottage country. In my work, I play with vibrant colours, moods and shadows to create a surrealist yet natural composition. I am currently enrolled at OCAD University working towards a degree in illustration and at George Brown College working towards a sign language interpreter degree. I can communicate with any deaf cottagers."

LOCATION G: 1009 Wilcox Trail

6 minutes from the Marina on Wilkinson Drive. Look for a large yellow sign with a black arrow pointing left. Wilcox Trail is at the bottom of the hill. Parking on road and room for 2 vehicles in driveway. Be careful entering and exiting Wilcox Trail – honk horn! There is docking for 2 boats.

Type Of Art/Craft: Acrylic Paintings, Collage, Fabric Art & Pillows

After a 20 plus year career in design, Carolyn has spent time over the past number of years rediscovering painting. Courses at the Haliburton School of Art + Design and OCAD have reignited her passion for colour, texture and simple compositions. Carolyn has enjoyed exploring various mediums, mixed media and collage. The cottage at Kennisis Lake has provided inspiration for many pieces especially the local birds and flowers. Painted tissue is used along with specialty papers and found materials to create one of a kind compositions along with pieces created using plaster on wood, acrylic paintings and printed fabric used to create unique and decorative pillows.

Carolyn is a member of the Society of York Region Artists and has participated and received an Honourable Mention in juried art shows.

Type Of Art/Craft: Wood & Metal

“Making bread cabinets and boot jacks. The wooden bread cabinets incorporate a pierced tin door panel reminiscent of vintage pie safes and are finished with chalk paint for the sides and oil for the top and door. The boot jacks are made from wood finished in oil. The pierced tin panels are punched by hand by me. I have a background in construction and have been woodworking most of my life. I enjoy making useful objects as a hobby and use reclaimed wood and metal in my projects where I can.”

LOCATION I: 5137 Kennisis Lake Road

Located on the south side of the bay by the narrows, where Kennisis Lake connects to Little Kennisis. Grey, two-storey cottage with flag pole. Will be exhibiting lakeside on the lawn and dock. Docking available for two/three boats and parking available at the top of the driveway on the roadside

Type Of Art/Craft: Oil Painting

The diverse Haliburton landscape is where Marleen finds much of her inspiration, awakening the senses to create oil paintings which celebrate the colours of the Kennisis Lake area. The themes of Marleen's oil paintings consist mainly of vibrant landscapes and images, with many paintings portraying the layers of magnificent and rich fall colours. Marleen's second greatest inspiration comes from her Dutch heritage and love for tulips. Their strong colours and bold shapes inspire Marleen to celebrate their vibrancy. By using broad, relaxed brush strokes of intense colour, impressionistic-realistic paintings are created.

Currently residing in Ottawa, Marleen has lived and traveled throughout much of Canada. Marleen is a retired teacher and vice-principal who has been surrounded by the influences of art from a very young age, and has been a member of the Kennisis Lake cottage community for over 40 years. Marleen has had work exhibited and sold at the Gordon Harrison Gallery in Ottawa, Tremblant, Manotick Gallery and Framing, Haliburton, New Zealand and Great Britain; and has created a number of commissioned pieces. The vibrancy of Marleen's paintings has allowed her to further express her work onto scarves, bags, cards and pillows.

LOCATION J: 2301 Watts Road

Exhibiting at the garage level. On the north side of the only island on Little Kennis (approach from the east to avoid the rocks between the island and shore on the west or left side). Blue boat awning. Docking for 3 boats - up two flights of stairs. Parking for 4 cars.

Type Of Art/Craft: Pottery **Name of Studio:** Arbroath Studios

John is a former member of the Fleming College Board of Governors and has taken multiple courses over 25 years at Haliburton School of Art+Design focusing on ceramics. John and his family have been on the lake since 1971 and full-time residents for the past 12 years.

John works with porcelain clay, raku, mixed media garden art-metal and pottery and succulent plants in pottery vessels. The exciting part of the pottery process lies in embracing various glaze effects. Raku is fired red hot – pot moved from the kiln & put into a container with combustible sawdust or pine needles. Clay pieces are thrown and molded by hand and fired in our studio. Maple leaves are a theme on many pieces as an acknowledgment of the local lake environment. NEW this year are succulent plants grown by Snaffle & Mane potted in various pottery bowls/ vessels and back by popular demand charcuterie boards (made from wood from the Haliburton Forest) combined with pottery dipping bowls and his famous ceramic Xmas trees with lights.

LOCATION J: 2301 Watts Road - Anna will be taking orders only this weekend for a less tactile but still informative showing due to COVID.

Exhibiting at the garage level. On the north side of the only island on Little Kennis (approach from the east to avoid the rocks between the island and shore on the west or left side). Blue boat awning. Docking for 3 boats - up two flights of stairs. Parking for 4 cars.

Type Of Art/Craft: Women's Clothing **Name of Studio:** Sanctuary Innerwear

This worn-next-to-the-skin line of clothing is perfect for health conscious and eco-friendly women. Anna uses only certified sustainable Tencel (eucalyptus) fabric, and dyes it with plants for a beautiful watercolour palette of colours. But that's not all, this line of cami's and demi-briefs, chemises and shorts, nighties and panties, etc. is made even more unique with the infusion of herbs right into the fabric. Anna supplies you with herbal re-infusing spray and soap to keep your garment functioning for years to come. Recently, Anna has added bath loofahs to her line, all in an effort to be zero-waste.

Anna is an experienced sewist and gardener. She attended Haliburton School of the Arts in the Fibre Arts Certificate program and there learned about natural dyeing from Wendy Bateman. She and her husband have cottaged on Little Kennis for over 30 years. Anna never comes to the cottage without her sewing machine and a bag of work to do. You may remember Anna's dyeing and hydrosol workshops at Abbey Gardens, or her 1850's "Dry Goods" cart and change tent at the Haliburton summer Craft Show.

Type Of Art/Craft: Hand Painted Signs, Hand Drawn Cards, Upcycled Clothing and Furniture

Name of Studio: Our Painted Porch

"Most of my work includes up-cycling of some sort. I love taking something that was going to be trash and saving it from the landfill by re-purposing it in another way. Typically, because of this, no 2 items are ever the exact same. My background is in Interior Design, I have my B.I.D. and practiced for about 10 years. Once I had my kids, my focus shifted to them, but I've always retained my love for creativity and hands on making."

Type Of Art/Craft: Oil Paintings **Studio Name:** Charyk Fine Art

"My paintings are realistic representations of Canadian landscapes, many focusing on reflections in water."

Rachel was born and raised in Georgina, Ontario. She attended Unionville Arts High School where she developed her skills and in OCAD University in Toronto she honed her style and experimented with other types of media. She currently lives in Georgina and travels to Haliburton on weekends to seek inspiration for her paintings and other artistic pursuits.

Fourth cottage past the 2nd bridge (Kelly's Pond). Exhibiting on stone patio beside cottage. 4 parking spaces - be careful entering/exiting - honk horn. Sandy beach on lake - easy to pull up a small boat. 2 docking spaces.

Type Of Art/Craft: Watercolour Painting

Capturing in watercolour the always changing light in nature and Ontario's rural heritage. Ian is mostly self-taught. He tries to explore and push his creative boundaries using the various techniques watercolour offers. He likes to paint with watercolour because the more miles he puts on his brushes, techniques become easier to implement and usually provide better results. Nature is a favourite subject and he is inspired by the seasons at the lake.

Type Of Art/Craft: Lake Representations **Name of Studio:** Aerial Moments

We create accurate representation of any lake or waterbody using GPS data. The lake is then cut (a positive or negative view) using a million dollar state of the art laser. Your lake can be any size up to 10 feet by 5 feet. We powder coat them by default in black. Other colours and finishes are available. Rare earth magnets are provided to mount your artwork to your wall.

Daryl Ball and Colin Mackenzie have backgrounds in Geophysics and Computer Science. Their unique backgrounds allow them to leverage their skills to focus on creating beautiful and precise representations of the lakes we love.

Type Of Art/Craft: Acrylic & Oil Paintings

Joyce employs a variety of techniques – palette knife, glazing, acrylic mediums, to achieve textural interest in her paintings. However, traditional techniques are also used, depending on the subject.

Joyce began painting about 10 years ago. She is inspired by the natural beauty of the Haliburton Highlands, and primarily paints landscapes of this area she loves. Joyce has trained at the Haliburton School of Art + Design and the Venice Art Center in Florida. She has exhibited in the Carole Finn Gallery in Minden and the Venice Art Center.

Type Of Art/Craft: Etched Woodworking

Studio Name: Struck By Lightning

"I create a variety of wood products using locally sourced logs, including platters, coasters and decorative pieces. The unique aspect of my work is that I etch 'Lichtenberg Figures' (the pattern created by lightning) into all of my pieces to make stunning designs in the wood. I am always experimenting and have a diverse range of products, which means that every one is unique.

I am a hobbyist and student. I am fascinated with physics and the sciences as a whole, and also enjoy the arts. Combining these fields in a visually pleasing way is my goal in my work. I have been woodworking for the last six years of my life and exhibited in 2018 & 2019 AOTD as well."
